What is life and learning like at Locks Heath Infant School?

Click [HERE](#) to see the Head teacher welcome video where we introduce you to life at our amazing school. We are so proud of all the wonderful opportunities that we give our children – these ensure that children at Locks Heath Infant School flourish as confident and creative individuals who develop real resilience with their learning experiences.

But what about life in Early Years?

The leaders and staff plan a strong balance between adult and child led activities throughout the school day. The staff work incredibly hard to find out what makes the children 'tick' as individuals, adapting the learning environment and activities to match. Please click [HERE](#) to be taken to a dedicated page on our website just for you to find out a little more about the school.

Can I speak to a senior leader about the school?

Yes! Although Public Health England have advised us not to take you on a tour of our wonderful school, we are offering personal phone calls with me, the headteacher, and our Assistant Headteacher who is also our Early Years leader. This is an opportunity to find out a little more about the school and ask any questions that you may have. Please phone the school office to book a phone call if this is something that you are interested in.

To find out more about all the wonderful things that we get up to at Locks Heath Infant School, please visit our school website where a pop up will direct you to a dedicated page for new parents. We are here for you at this challenging time for all – please phone the school admin team on 01489 584180 if you have any questions at all, no matter how small. A leader at the school will endeavor to return your call as soon as possible.

Our [Video Resource Centre](#) is also a good place to get to know the school, our curriculum approach and the staff in more detail. In particular, you may wish to explore our [Nature Reserve](#) using the virtual tour.

Kind regards,

Mr Jump
(Headteacher)
