

Our School Website

Our school website address is www.locksheathinfant.com

We hope that you enjoy exploring the website. We worked hard to ensure parents have a school portal that is easy to access and provides you with all the information you need, as well as reflecting our school and values which we are so proud of.

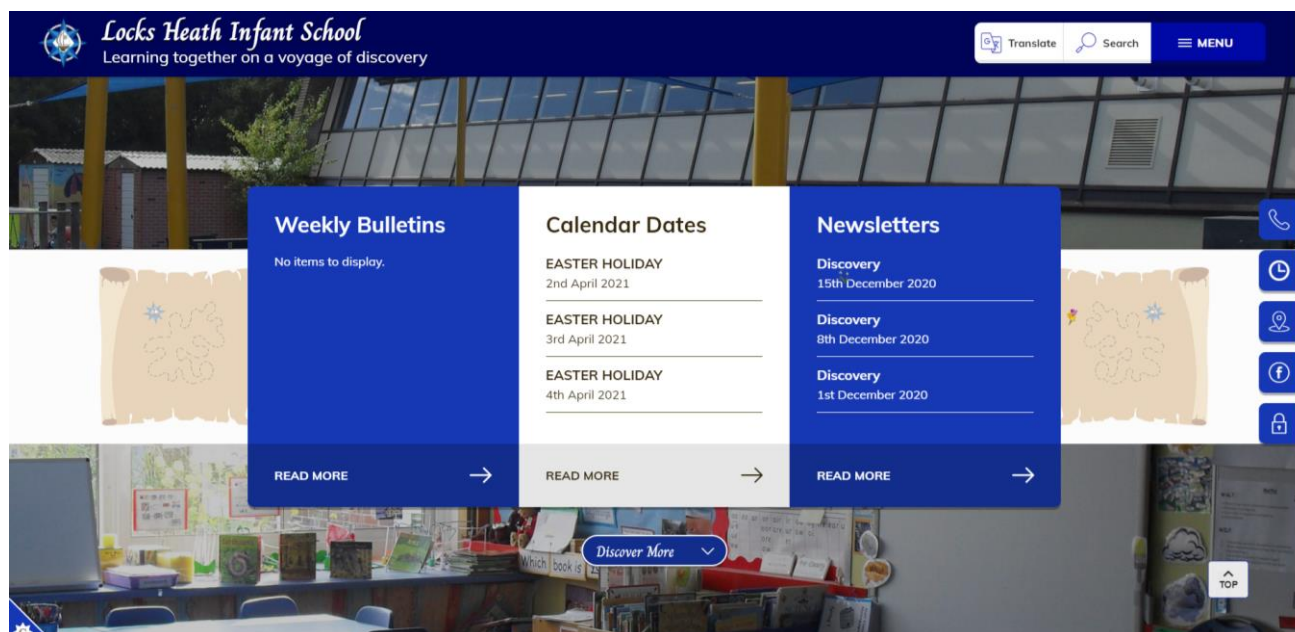

The website has lots of features, including a scrolling banner for latest news, pictures from school trips and class activities and useful links to external websites that may be of interest. We hope that by visiting the website regularly you will feel even more connected to your children's learning.

Navigating the website is very easy. You can use the menu buttons to choose a page; these are always located on the top right of the screen. You can then scroll within the menus to find the page you want. There are also useful tabs down the side of the screen where you can access the school phone number, address, office opening times and Facebook page.

You can scroll down the page or click 'Discover More' to see more information on the home page.

Further down the page you can click on links to items from our latest calendar dates and the Discovery newsletter. This is a quick way to view these items.

Important dates in the school diary are updated weekly. Parents can link the school events to their personal calendar on a mobile phone, tablet, etc. by following the link on the Calendar Dates page.
