

2025/2026 Provision Map – Locks Heath Infant and Nursery School

Our provision map is arranged in three 'waves' of teaching as described in the 'Waves of Intervention' model. This describes how different levels of intervention can be understood and systematically implemented.

The Hampshire County Council document "Ordinarily available provision and special educational needs and disabilities support guidance" should be read alongside, to further explain the range of support on offer to our children.

Universal (Wave 1)	Targeted (Wave 2)	Specialist (Wave 3)
<p>Universal support describes high quality inclusive teaching which takes into account the learning needs of all the children in the classroom. This includes providing differentiated or scaffolded work and creating an inclusive learning environment.</p>	<p>Targeted support describes specific, additional and time-limited interventions provided for some children who need help to accelerate their progress to enable them to work at or above age related expectations. Wave 2 interventions are often targeted at a group of pupils with similar needs. In some cases we may take advice from outside agencies to enable us to target support for children at Wave 2.</p>	<p>Specialist targeted support describes provision for a minority of children where it is necessary to provide highly tailored intervention to accelerate progress or enable children to achieve their potential. This may include specialist interventions, a high level of staffing or the involvement of outside agencies. Many children receiving Wave 3 provision will be classified as having a learning, developmental or physical difference (SEN) When a child has an allocated 1-1 member of staff, the class teacher still maintains overall accountability and responsibility for that child.</p>

Area of Need	Universal – High quality inclusive teaching for all children	Targeted – Catch Up, Keep up additional interventions to enable children to work at age related expectations	Specialist – Additional and highly personalised interventions
Communication and Interaction	<ul style="list-style-type: none"> • Good communication with parents through both informal and formal means • School council to promote pupil voice • High expectations of behaviour and effort • Visual timetables • Modelling good speech, with simplified language being used where appropriate • Personalised approach to support the needs of individual children • Differentiated curriculum planning, activities, delivery and outcome e.g. simplified language and instructions, chunking instructions, processing time • Opportunities for independent work and collaborative small group work to develop skills in a variety of areas including team work and problem solving • A range of strategies used that will help child to overcome barriers to learning e.g. use of models, images, pre-teach, dual coding 	<ul style="list-style-type: none"> • Social skills intervention groups – Talkabout and Time to Talk groups promoting turn taking, listening and sharing • Social stories • Nursery Narrative programme • You are a social detective! • Pre-teaching of vocabulary and skills • Social communication groups • Speech and Language support assistant to deliver support programmes to small groups 	<ul style="list-style-type: none"> • Targeted support from outside agencies • 1:1 additional adult support • 1:1 speech therapy sessions • Support for alternative forms of communication, e.g. Makaton, PECS • Flexible timetable • Now and next boards • Visual prompt cards • Social stories • Daily reinforcement or pre-teach • Access to ICT equipment • Friendship groups • Use of 'Supporting Complex Learners in mainstream schools' modules <p>Where needed, individual and personalised support is given within the setting to access the curriculum at a differentiated level</p> <p>Involvement with outside agencies:</p> <ul style="list-style-type: none"> • Speech and Language Therapy • Educational Psychologist • Portsmouth Down Syndrome Association • Daisy Chain Educational Services
